

DOORS UNHINGED

Used doors are better.

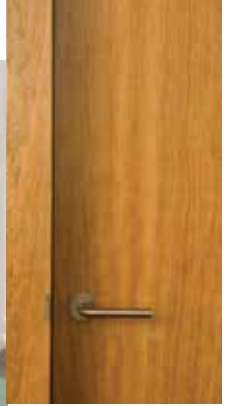

We source & distribute lightly-used commercial door systems.

If you're managing a commercial renovation or demolition project, **we want your doors!**

Doors Unhinged removes lightly-used, high-quality commercial doors, frames and hardware from renovation and demolition sites at no cost to you.

WHY GO UNHINGED?

- ✓ Save \$10-15 per unit on labor and disposal by letting our crew take care of removal
- ✓ Keep heavy, expensive, non-degradable building materials out of the landfill
- ✓ Receive a tax deduction, estimated at \$50-\$150 per unit, through our partnership with Construction Junction (if applicable)

HOW IT WORKS

- 1.** Contact us about a soon-to-be vacated office space to schedule a walkthrough.
- 2.** We'll match your high-quality, lightly-used door systems with a potential buyer.
- 3.** We'll carefully disassemble and remove the door systems in advance of full demolition work.

NEED DOORS?

If you're looking to buy high-quality, low-cost door systems to fit out a space, consider going Unhinged! Save money and help your LEED certification when you choose reused door systems from Doors Unhinged. Visit doorsunhinged.com to learn more about buying used doors.
